For whom is this packet designed?

- *Elementary Teachers for use within their classroom*
 - Students who are just beginning to learn their multiplication facts
 - Students who need extra practice in learning their multiplication facts
- *Parents*
 - To help their children reinforce basic multiplication facts
 - Summer review
- *Adult Learners*
 - Adult learners studying for their GED test who do not know their basic multiplication facts.
- *Adult Basic Education Teachers*
 - Adult learners struggling to learn their basic multiplication facts

How can this packet be used?

There is a variety of different ways that the Daily Multiplication packet can be used. We encourage you to be creative and adapt it to your child or classroom needs. The answer keys immediately follow the worksheet, which allows the user to check their own work. Each sheet has a margin that allows it to be 3-hole punched and put into a binder.
